7.0  **COUNCILLORS REPORTS**

7.1  **President’s Report**

**Purpose of Report**

To Inform Council and community of activities and to provide the community at large with information that is important and noteworthy.

**What’s been happening……**

The Wagait Arts group had a great turnout for their event which ran over a week earlier this month. All I spoke to said the event went off very well. A big congratulations to the organisers and to the artists who exhibited.

There are still 4 lights out on the jetty due to electrical wiring failure. I have requested a number of times that the department install temporary lighting until the re-wiring is completed in conjunction with other jetty works. Despite reporting the issue to the NTG there has been no resolution. The lack of good lighting is a safety hazard which is nearly 6 months old.

The possible opening of the Charles Point Lighthouse by a Darwin Radio Club has been cancelled due to financial issues. It had been planned to open it to the public on the weekend of 18 and 19 August. This year is the 125th anniversary of the lighthouse.

7.2 Cr Michael Vaughan

The purpose of this report is to update residents on my activities and observations.

It is encouraging to hear the long term plans regarding the Mandorah jetty were recently brought into the spotlight again. There was an interview on the ABC with Louise McCormack enquiring into the progress of the upgrading of the infrastructure. Whilst no estimated work commencement dates were provided, the current planning process which seems to have no fixed timeline was explained. Councillors were recently asked to provide questions regarding the jetty to be responded to at a possible attendance by dept representatives.

The by election date has been set as 22nd September and I encourage eligible residents to step up, and nominate so you can have your say.

Great to see some new residents settling in, enjoy our unique location. The handful of wandering dogs seem to be an ongoing issue. Make an effort an put a latch on the gate etc.
