9.0 FINANCIAL REPORT

Council did not approve the Financial Report for the January 23 Council Meeting on the issue that a credit card acquittal process was needed. The process will be written up once the Credit Card Policy has been approved.

President Peter Clee brought up the issue in the January Council Meeting that rate payers paying an arrears should not be credited into the rates income, it should be applied to debtors. CEO Mark Sidey to liaise with the Auditor on how rates are to be processed. The Trial Balance is to be circulated to councillors with future Agenda’s, as this could be a way to have this clarified.

Cr Graham Drake has asked that more details be included in the financial reports. The Profit and Loss and Trial balance for the last three months (November 2018, December 2018 and January 2019) is to be circulated to councillors. Road report assessment and action

Introduction:

In late 2018, the Wagait Shire Council requested the NT Local Government Association carry out a “desktop and visual inspection” of the shire’s road network.

A 120-page report was submitted to the shire on November 13. It identified numerous issues that, while in most cases did not require immediate action, warned that ignoring the problem was not an option.

At the November shire council meeting, CEO Mark Siddle reported: “Council has had the LGANT report and the Northern Territory inspect our complete road network recently. Apart from a few small areas of concern, there are no significant issues with our roads.” Even a cursory reading of the LGANT report indicates this is not correct and to heed such advice could put the council in a future position of trying to find an enormous amount of money to rectify these problems as they become significant.

Issues

Table 3 (page 5) of the report summarises the issues found during the inspection. They include but are not limited to: (brackets indicate local assessment)

- 3680 metres of edge drop, including areas upgraded during 2018; (ongoing)
- 2630 m of edge breakdown; (ongoing)
- 6750 m of pavement cracking; (urgent)
- 8750 sq m of raveling; (bitumen hardening leading to breakdown - priority 1)
- 2 areas of localised creek flooding requiring drainage upgrade;
- 2 potholes where resheeting recommended to solve the problems; (Cox Drive)
- Numerous culvert and drain problems. (priority 2)

The report goes on to note that the council has the opportunity to reinvestigate the roads during the 2019 dry season using the report as a baseline to assess any deterioration and allow the council to prioritise necessary works.

Purpose of Report

To inform Council and community of activities and to provide the community at large with information that is important and noteworthy.
What’s been happening......

The NT Government surprised us all recently with the announcement of the allocation of funding to fast track the Mandora Jetty Project. The design work will commence this year and construction will commence in 2020.

I have had some positive feedback on my intention to put forward two projects to council for consideration by the parties at the next federal election. These projects are outside our ability to finance or promote but will bring long term benefits to the community. They are: -

- Water Distribution and reticulation Project in conjunction with the LDC development
- Road and bridge link at the Channel Island to reduce commute time to Dundee, Bynoe and Cox Peninsula.

Community members who have other ideas are encouraged to contact myself or any of the WSC councillors to promote their ideas.

The CEO has advised that he will finish with WSC at the end of march. Russell Anderson has agreed to step in as the acting CEO until a permanent replacement is appointed.

7.2 Cr Drakes Report

Once again it is my pleasure to report on some issues and some of my activities as a Councillor.

Communication
For those who have read my previous reports you will be aware that this was the first major issue I wanted to address as a Councillor (one which was affirmed by last November’s Strategic Plan Workshop). Whilst I can report that progress has been made, there is still some distance to go from my perspective. The Procedures for Council Meetings and Council Committee Meetings Policy was one of a number reviewed at last month’s Council Meeting but it unfortunately doesn’t address the Council Minutes Issues such as content, release/publication dates etc. It is my hope that a Policy on these issues can be developed in the near future.

Financial Management
The second major issue of concern for myself as a councillor is the responsibility to ensure that finances are managed properly. Minutes from last month’s meeting indicate that I requested more financial information. Whilst this is correct, I have specific concerns regarding financial classifications and the difficulty council has ensuring proper financial management given the data made available each month. Steps are being made to address this issue.

Dog Laws
This is another issue which has been a concern for years. Now is not the time to go into detail but the introduction of Dog Laws has been ‘work in progress’ dating back to at least 2015. The process of adopting them has been long and arduous for a variety of reasons. Hopefully it will finally be resolved in the very near future.

Progress Association Meeting
I attended the second meeting held on Saturday 2 March. Although it was not as well attended as the first meeting, there were a range of issues discussed. The presence and support of our Local Member (Gary Higgins) was appreciated. Gary encouraged the association to communicate issues of concern to the appropriate organisations and raise questions for them to answer.

11.8 Recruitment for CEO

President Peter Clee to provide update.

CEO recruitment should be consistent with Ministerial Guideline 3 – Appointing a CEO (copy below)

3. Appointing a CEO

1. Objectives

(1) To guide the council in appointing a high quality and appropriately skilled CEO;

(2) To ensure the ongoing viability of the Council by appointing a CEO with financial management experience; and

(3) To maintain the integrity of the Council by ensuring that the council is aware of any conflicts of interest that the CEO might have.

2. Background to Guidelines

(1) Section 100(4) of the Local Government Act 2008 provides that, “Appointments to the office of CEO are to be made, as occasion requires, by the council in accordance with the relevant Ministerial guidelines.”

(2) The CEO is responsible, among other things, for: the implementation of council policy; the day-to-day management of the Council, which includes the appointment and management of Council staff; providing advice and information to the council to facilitate council decision-making; communication between the council and its constituency; management and maintenance of council assets and resources and ensuring the proper financial management of the council. (See s101 of the Local Government Act 2008 for the full outline of these responsibilities).

(3) Selecting and appointing a CEO is one of the most important tasks elected members may undertake during their term of office. In light of this, it is essential that the recruitment process ensures that only appropriately qualified and suitable persons are appointed to the position of CEO as this will facilitate the smooth and efficient running of council. Choosing the right CEO is paramount in ensuring that the council is both functional and progressive.

3. Recruitment Agency

(1) Councils are strongly encouraged to seek advice on current best practice in relation to recruitment processes from both LGANT and Local Government Managers Australia (LGMA) before starting the process of recruitment of a CEO.

(2) Having considered such advice, councils are strongly encouraged to use a professional recruitment agency when appointing a CEO.
4. **Considerations**

(1) When appointing a CEO, as well as following the requirements of the *Local Government Act 2008* in relation to human resource management and any council employment policies, the council or recruitment agency must also consider the following:

(a) **CEO Skills and Attributes.** The CEO must have:

(i) A tertiary qualification in a related field, such as: law, management, human resources, business or finance, community development, or commensurate work experience which demonstrates both capacity at an equivalent level and capability of recognised prior learning by an educational institution;

(ii) Proven high level leadership and management capabilities;

(iii) High level financial governance experience.

(b) **Any relevant criminal history**

(i) The council must take into account the criminal history of the applicant to avoid the recruitment of an inappropriate person. However, councils must not discriminate on the basis of an irrelevant criminal record (*Anti-Discrimination Act 2007* (NT)).

(ii) The definition of ‘relevant criminal history’ may be based on council policy but should at least include offences of dishonesty and fraud and/or forgery related offences.

5. **Conflicts of Interest**

All conflicts of interest, whether perceived, potential or actual, must be identified and given due consideration.

6. **Advertisement**

Advertisements for the CEO position should contain, amongst other relevant information, the following advice:

(1) Applicants must disclose any foreseeable conflicts of interest.

(2) Applicants must consent to a criminal history check.
