#### 6. COUNCILLORS REPORTS

#### 6.1 President's Report

Hello there and welcome to the July Council meeting.

Councillor Vaughn, CEO Renita, Maureen Newman and myself hosted two representatives from DIPL on Thursday last week to receive an update on the progress of the promised Mandorah Marine Precinct. This was very timely as various rumours have been aired, however it appears that the project is on track and proceeding towards works commencing next dry season, with a stated completion date of 2024, although the senior construction manager was hopeful of a possible opening by late 2023. This exciting news for our community as the project will include a lift to assist mobility-impaired residents at low tides. It also includes a replacement boat ramp which will be much more sheltered from the weather thus improving safety for users. This project is a landmark moment for the entire Cox Peninsula and should herald a new era for development on this side of the harbour.

where I have been:

Tuesday June 15: June Council meeting

Thursday 17 June: CEO catchup

Tuesday 22 June: Audit Committee meeting

Thursday 24 June: CEO catchup

Thursday 1 July: CEO catchup

Thursday 8 July: CEO catchup

Friday 9 July: W.A.G. Art show, including meeting the Administrator

Thursday 15 July: CEO catchup then meeting with DIPL representatives regarding the

new MMP project.

Resolution No. 2021/

PROJECT BRIEF/COUNCIL MEETING BRIEF					
PROJECT NAME	WASTE & RESOURCE MANAGEMENT FUNDING				
DELIVERABLE	Business Plan & Capital Asset Renewal				
TIMEFRAME	August to October 2021				
REFERENCE	WSC Meeting 20210726				

#### 1. BACKGROUND

In late June, the Deparment of Chief Minister and Cabinet offered funds of \$75,000 to Council through a new program, Waste and Resource Manament (WaRM). The funds are to assist with addressing issues specific to waste and resource management including purchase of capital items and develop targeted waste strategies, mainenance and projects into the future.

The scope of the grant was discussed breifly at the Council meeting in June, and President Neil White and the CEO accepted the offer in early July.

Council has a current Draft Waste and Recycling Strategy that has been to community consultation for certain elements relating to waste charges and fee structures, however is yet to be finalised.

This brief sets out the proposed expenditure of the WaRM grant for Councils consideration and endorsement by 31 July 2021, as requested by the Department.

#### 2. MAIN ISSUES/COMPONENTS

Item	Proposed timeframe	Cost
Business Case for Recycling & Transfer Station	1 Aug – 31 Oct 2021	\$ 25,000

Since the closure of the old tip in 2016, Council has trialled various waste management altenatives for residents including kerb-side serrvices, quarterly hard waste collections, green waste collection points and chipping, and limited access to compounds which is monitored to encourage public responsibility. While the current model is more economical than the previous, there are limitations to what we can do in the availabe space. A waste transfer and recycling station would offer better services and waste efficiencies (toxic waste disposal, organics separation etc) and more opportunities for business and innovation such as tip shops, glass crushing and scrap metal collection. A business case would consult with all stakeholders to explore and provide options for the 'where' and 'at what cost' questions for a project of this size. Other key stakeholders, such as Belyuen may also be able to contribute to the outlay for this consultancy.

Replace Aging Assets – Tractor & Tipper Truck	1 Aug – 31 Oct 2021	\$ 50,000
REDIACE APINE ASSETS - HACTOLO HODEL HUCK	1 1 AUS — 51 UCL 7U7 I	

The tractor and tipper truck are critical Council plant and machinery assets that are now over 10 years old (purchased in 2009). Council proposes to sell these assets and reinvest the funds from the sale into a new or late model second-hand asset. The WarM funds will then be used make up the purchase difference. Desktop analysis has confirmed that each asset may sell for \$20,000 and the amount proposed would be sufficient to 'top-up' the purchase of a newer asset.

WaRM Funds Expenditure	TOTAL	\$ 75,000
------------------------	-------	-----------

#### 3. IMPACTS

The overall impact to Council of the proposed projects is one of low -risk with high community outcome value.

Potential Impact (considerations)	Risk Level	Responsibility
Financial (overexpended budget, reserves)	Low	CEO
Legislative	Nil	Council
Conflicts of interest (perceived preference, contracts awarded	Low	CEO/Council
